

RII30820 CERTIFICATE III IN CIVIL CONSTRUCTION PLANT OPERATIONS

POTENTIAL CAREER OPPORTUNITIES

- > Construction Worker
- > Mobile Plant Operator
- > Earth Moving Plant Operator

This qualification reflects the role of individuals working as skilled operators with civil construction plant, applying a broad range of skills in varied work contexts, using discretion and judgment, along with relevant theoretical knowledge. These individuals may also provide theoretical advice and support a team. Upon successful completion of this qualification, students will gain competencies in operating the civil construction plants listed below.

EXCAVATOR

FRONT END LOADER

SKID STEER

GRADER

COURSE INFORMATION

A full-time, comprehensive training program that combines face-to-face classroom learning with hands-on practice in a simulated construction environment over a duration of 12 weeks (60 days), Monday to Friday from 8:30 AM to 4:30 PM. Regular attendance is mandatory. For students requiring extra assistance, up to 12 months is allowed to complete the course. These students will have access to ad-hoc support sessions organised with the trainer to help them progress. As part of your course, you will gain experience in operating machinery in a real-life construction environment. This means you will be expected to train/work outdoors in various weather conditions, such as rain, heat and dust.

TRAINING LOCATIONS

Classroom: Kwinana Recquatic Centre, Corner of Robbos Way and Darius Drive, Kwinana WA 6167
Practical: Lot 455, St Albans Rd, Baldivis WA 6171

Australian Business & Vocational Training (ABV) is the Registered Training Organisation (RTO Number: 52592) students will be enrolling with. ABV has third party arrangements with Training Alliance Group to provide services (marketing, students recruitment, training and assessment, issuing qualifications, educational and other support services) on behalf of ABV under ABV name. ABV is responsible for all the actions of the Training Alliance Group under third party arrangements. ABV is fully owned by Training Alliance Group.

Units within this Qualification:

Core Units

RIIBEF201E	Plan and organise work
RIICOM201E	Communicate in the workplace
RIICCM202E	Identify, locate and protect underground services
RIICCM203E	Read and interpret plans and job specifications
RIICCM201E	Carry out measurements and calculations
RIICCM205F	Carry out manual excavation
RIICCM206E	Support plant operations
RIICCM207E	Spread and compact materials manually
RIICCM208E	Carry out basic levelling
RIIRIS301E	Apply risk management processes
RIISAM201E	Handle resources and infrastructure materials and safely dispose of nontoxic materials

RIISAM203E	Use hand and power tools
RIISAM204E	Operate small plant and equipment
RIIWH201E	Work safely and follow WHS policies and procedures
RIIWMG203E	Drain and dewater civil construction sites

Elective Units

RIIMP0318F	Conduct civil construction skid steer loader operations
RIIMP0334E	Conduct skid steer loader operations using attachments
RIIMP0320F	Conduct civil construction excavator operations
RIIMP0321F	Conduct civil construction wheeled front end loader operations
RIIMP0324F	Conduct civil construction grader operations

Packaging rules for this qualification require the completion of 20 units of which 15 are core units (unable to be changed), and 5 are elective units (can be selected from a predetermined list by the training provider).

Enrolment information:

Students are required to read the Student Handbook and agree to the Terms and Conditions prior to enrolment. All students must satisfactorily complete a Language, Literacy, and Numeracy (LLN) assessment at a minimum of ACSEF Level 2 and participate in a course suitability discussion during the pre-enrolment process. Students may be required to complete a digital literacy assessment. Once the enrolment is reviewed, students will receive confirmation of their enrolment. You are required to apply for a personal education number known as Unique Student Identifier (USI) as part of studying a nationally recognised course. To apply for a USI number, go to www.usi.gov.au

Certification:

Upon successful completion, student will receive:

- RII30820 Certificate III in Civil Construction Plant Operations testamur
- A Statement of Attainment will be issued for partial completion of the course.
- Certificate will be issued under ABV RTO (52592)

Course Fees:

Students who are not eligible for WA funded student tuition fees:

- \$7,500 (includes a non-refundable deposit of \$400). No additional prepayments are required.
- Payment plans are available.

Entry Requirements:

- Students must be 16 years or older at the time of enrolment
- Students must be Australian citizens, permanent residents, or have legal rights to study in Australia.
- Students must be physically fit and able to undertake manual handling tasks, work outdoors, carry items, mount and dismount earthmoving machines, and manoeuvre hand tools. Students will be expected to work outdoors in various weather conditions, such as rain, heat and dust.

Assessment methods:

The evidence gathering process will reflect specific requirements for units within the training package. Each student's attainment of the units of competency within this qualification is achieved by their successful completion of a range of assessment activities.

For each unit of Competency, these activities may include:

- Written Knowledge Assessments and Case Studies
- Oral questions, and
- Submission of supplementary assessment evidence
- Practical demonstrations

Students are required to demonstrate that they can apply the knowledge and skills learnt in a range of situations and in varying contexts so many of the assessment requirements of the units of competencies will need to be demonstrated on more than one occasion.

Other information:

There are no classes scheduled during Public Holidays.*

*The missed classes will be added to your training schedule to ensure the full 60 days duration is completed.

What you need to provide:

For practical activities, students will be required to wear enclosed shoes and clothing suitable for the weather, long sleeves, a high-visibility vest or shirt, long pants and safety boots.

Further Study Options:

Students who successfully complete RII30820 Certificate III in Civil Construction Plant Operations may choose to continue their studies toward a higher-level qualification in civil construction.
